

SPACE-LINKS®

Modular Entry Way Mats

SPACE-LINKS® modular mats feature all vinyl construction and have several advantages over other matting.

SPACE-LINKS® mats won't . . .

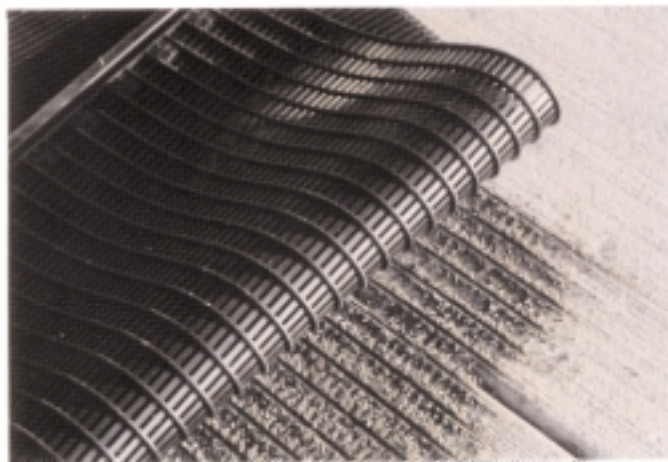

- rust like metal mats
- become saturated with water like carpet mats
- rot like rubber mats

DIRT AND DEBRIS . . .

- trapped at entry way
- won't get a foothold
- contained under mat
- easily removed

GOOD LOOKING PROTECTION . . .

- open weave construction
- can be used indoors and out
- heavy-duty vertical cross-ribs raise traffic surface above floor
- horizontal ribs scrape off dirt, water, sand, gravel, slush, snow, etc.
- debris drops below walking surface and remains trapped and contained
- time and money saved with quick and easy, low-cost maintenance
- standard colors, black, brown, blue
- seven additional colors available to match or enhance any decor

SPACE-LINKS® mats can brighten and enhance the beauty of entry ways and create a professional and pleasant atmosphere.

FIVE YEAR WEARANTEE . . .

- guaranteed to retain their original shape under normal use
- won't rot, rust or fade for five years from date of purchase
